---

You can count on Aflac to help ease the financial impact of surviving a critical illness.

In Texas: This is not a policy of workers' compensation insurance. The employer does not become a subscriber to the workers' compensation system by purchasing this policy, and if the employer is non-subscriber, the employer loses those benefits which would otherwise accrue under the workers' compensation laws. The employer must comply with the workers' compensation law as it pertains to non-subscribers and the required notifications that must be filed and posted.

In Georgia, Group Critical Illness Limited Benefit Insurance Plan.

# AFLAC GROUP CRITICAL ILLNESS

## Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

### That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

But it doesn't stop there. Having group critical illness insurance from Aflac means that you may have added financial resources to help with medical costs or ongoing living expenses.

### Features:

- Benefits are paid directly to you, unless otherwise assigned.
- Coverage is available for you, your spouse, and dependent children.
- Coverage may be continued (with certain stipulations). That means you can take it with you if you change jobs or retire.

### How It Works:

**Aflac Group Critical Illness** coverage is selected.

You experience chest pains and numbness in the left arm.

You visit the emergency room.

A physician determines that you have suffered a heart attack.

Aflac Group Critical Illness pays an  
Initial Diagnosis Benefit of:

**\$10,000**

Amount payable based on \$10,000 Initial Diagnosis Benefit.
